

Total Control Net

TruNet the World leaders in netting technology introduce...

A World First, **Total Control Net** is **the only** Elastic netting with a **pre-set fixed diameter**.

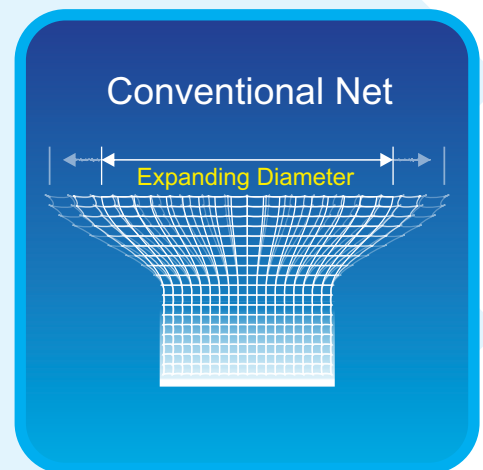

The **benefits** this brings to the meat netting market are:

- ❖ Pre-set calibre stable netting.
- ❖ The control of a casing, the power of a netting.
- ❖ A netting that can eliminate variation in product size.
- ❖ Know the Max Diameter of your products before you net them.
- ❖ Can be used in some instances as a replacement for Fibrous Casings.
- ❖ Incredibly strong.
- ❖ Enables higher clipping speeds with collagen film and net.
- ❖ Saves 'You' Money.

Total Control Net is a registered product of TruNet with World Wide Patent Pending.
